

Phase 4. Draft reference document evaluation

In this phase, every partner has to evaluate the final Euomeat product: the reference report which is attached.

With this aim, every partner must organize, **before the 31st July**, an experts group of minimum 4 people (sectorial experts and training technician).

Tasks to do in the group, **before the 31st July**:

- Presentation of all results of the project to the experts group and make a debate (see the Spanish example).
- Validation minute with the final results (see the Spanish example).

The reference document will be developed with this final validation and it will be presented in **Oviedo at the final meeting on the 24th and 25th September**.

We will remind you that everyone of you will have to translate this report to your own language: German, French, Italian, Spanish and English.

The report will be publish in electronic and digital format. Every partner must assume the publication in its own language of 50 copies in paper and cd-rom. IFES will receive 5 copies in every language from each partner. The **invoice** must include the number of copies and the date of the invoice must be before the **31st September 2007**.

IFES will publish the report in English and Spanish (50 in every language).

Phase 5. Final day

It will be carried out on the 24th and 25th of September (schedule is attached too).
